# TECHNICAL ADVISORY COMMITTEE (TAC) MEETING

Tuesday, November 15, 2022, 1:30 p.m.

In-Person Attendance is suspended for this Meeting. This meeting will be held through technological means.

Zoom Meeting ID: 543 061 1521 Call in Information: 1-669-900-9128

## Shaded items are action items

- 1. CALL TO ORDER (Greg Froslie)
- 2. ROLL CALL (Sarah Lojewski)
- 3. TITLE VI NOTICE TO THE PUBLIC (Sarah Lojewski)
- 4. Call to the Public (Greg Froslie)

This item is to provide an opportunity for citizens wishing to address the TAC on issues within the jurisdiction of the LHMPO planning area that are not on the Agenda. Comments may be provided in writing via email to <a href="https://example.com/Hembreej@lhcaz.gov">Hembreej@lhcaz.gov</a> prior to the meeting by 12:00 pm on the day meeting.

Comments may also be provided verbally during the meeting at the "Call to the Public" either by using the call-in number at 1-669-900-9128 and /or by using the Zoom meeting online ID at  $543\ 061\ 1521$ .

Verbal comments SHALL be limited to three (3) minutes or less

5. Approve the TAC Meeting Minutes of September 27, 2022

Greg Froslie, TAC Chairman

6. 2023 Officer Elections

Greg Froslie, TAC Chairman

7. 2023 TAC Meeting Schedule

Justin Hembree, LHMPO Director

8. WACOG Coordination Plan

Felicia Mondragon, WACOG Transit Mobility Manager

9. ADOT Long-Range Transportation Plan Presentation

Jason James, ADOT

# 10. LHMPO Directors Report

Justin Hembree, LHMPO Director

# 11. ADOT District Engineer's Report

Todd Steinberger, P.E. Northwest Assistant District Engineer

# 12. ADOT Planner's Report

Will Randolph, Regional Transportation Planner

# 13. WACOG Transportation Report

Roland Hulse, WACOG Transportation Manager

#### 14. UPCOMING MEETING SCHEDULE

- o LHMPO TAC Meeting January 24, 2023, 1:30 PM
- o LHMPO Executive Board Meeting: December 13, 2022, 2:00 PM
- o State Transportation Board Meeting: **December 16, 2022 Chinle**

# 13. ADJOURN

Pursuant to Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA), and other nondiscrimination laws and authorities, LHMPO does not discriminate on the basis of race, color, national origin, sex, age, or disability. Persons that require a reasonable accommodation based on language or disability should contact LHMPO's Title VI Coordinator at hembreej@lhcaz.gov. Requests should be made as early as possible to ensure LHMPO has an opportunity to address the accommodation.

De acuerdo con el Título VI de la Ley de Derechos Civiles de 1964, la Ley de Estadounidenses con Discapacidades (ADA por sus siglas en inglés) y otras normas y leyes antidiscriminatorias, la Organización de Planificación Metropolitana de Lake Havasu (LHMPO por sus siglas en inglés) no discrimina por motivos de raza, color, origen nacional, sexo, edad o discapacidad. Las personas que requieran asistencia (dentro de lo razonable) ya sea por el idioma o discapacidad deben ponerse en contacto con el Director Ejecutivo de la Organización de Planificación Metropolitana de Lake Havasu (LHMPO por sus siglas en inglés) en hembreej@lhcaz.gov. Las solicitudes deben hacerse lo antes posible para asegurar que la Organización de Planificación Metropolitana de Lake Havasu (LHMPO por sus siglas en inglés) tenga la oportunidad de hacer los arreglos necesarios.

In an effort to determine who attends our meetings and to improve participation in the planning process, the LHMPO ask that you please fill out the following voluntary survey: https://docs.google.com/forms/d/e/1FAlpQLSfcVaS6fU1kTF So2QoPfOsfDZiqlBpbTwgsl6HLwFxL5Xy-Q/viewform

En un esfuerzo por determinar quién asiste a nuestras reuniones y mejorar la participación en el proceso de planificación, la LHMPO le pide que complete la siguiente encuesta voluntaria: https://docs.google.com/forms/d/e/1FAlpQLSe6I7IM8eKfcf9mxiJcUmuLMbpLfnQ3vWCNKbiqDMW4CQXb0g/viewform

# TECHNICAL ADVISORY COMMITTEE (TAC) MEETING

Tuesday, September 27, 2022, 1:30 p.m.

In-Person Attendance is suspended for this Meeting. This meeting will be held through technological means.

Zoom Meeting ID: 543 061 1521 Call in Information: 1-669-900-9128

# Shaded items are action items

# 1. CALL TO ORDER

Chairman Greg Froslie called the meeting to order at 1:30 pm.

#### 2. ROLL CALL

The Roll Call was performed by Sarah Lojewski

Present: Chairman Greg Froslie, Vice-Chairman Steven Latoski, Members Jess Knudson, Will Randolph, Roland Hulse, Jeff Thuneman, Alternates: Mathew Gunderson standing in for Tim Walsh. Todd Steinberger joined after roll call

# 3. TITLE VI - NOTICE TO THE PUBLIC

Title VI Notice to the Public was performed by Sarah Lojewski

## 4. Call to the Public

Council member Nancy Campbell expressed her concerns about the Lake Havasu City parking lots she stated "they all should be pretty".

# 5. Approve the TAC Meeting Minutes of July 26, 2022

Jess Knudson motioned to approve May 24, 2022, meeting minutes. The motion was seconded by Roland Hulse

#### 6. HPMS Presentation

Sage Donaldson and the team presented an HPMS PowerPoint. The PowerPoint is attached at the end of the meeting minutes.

# 7. LHMPO Directors Report

Justin Hembree, LHMPO Director updated the TAC that the MPO ordered traffic counters for LHC and the order has been received.

The contract between FDS and LHC has been finalized and the notice to proceed has been sent out. The meeting will be held on either Friday, Oct 21, or, Friday, Oct 28<sup>th</sup>.

The HSIP project applications have been submitted.

# 8. ADOT District Engineer's Report

Todd Steinberger, P.E. Northwest Assistant District Engineer, provided updates for current Northwest District projects and confirmed the ADOT HSIP application was finished and submitted.

# 9. ADOT Planner's Report

- 1. FY24-28 Planning to Programming Cycle: Virtual workshops have concluded with all the engineering districts as of September 13th. The P2P list will be finalized this October with consideration of fiscal constraints and recommending projects for scoping, to drafting the five year construction program in the later part of this year into early next year.
- 2. The HSIP call for projects for the FY25-26 program: The final applications due to ADOT TSS have been adjusted, and comments to agencies were returned at various dates from ADOT, and those agencies were given 30 days to return the final applications. LPA is still holding to the schedule to present proposed eligible applications to TSMO in late October, and depending on approval will have a virtual meeting with the Safety Committee at the end of October or early November. Eligibility letters will potentially be sent by the end of the year and provided to MPD for the five year construction plan in January.
- 3. The Safe Streets and Roads for All (SS4A) Notice of Funding Opportunity (NOFO) applications were due September 15, 2022. Additional information and resources about the SS4A Grant Program can be found at https://www.transportation.gov/SS4A

# Status of ADOT studies:

- 1. **Long Range Transportation Plan:** The consultant is currently working on deliverables, with continued internal meetings in the department regarding the plan. The public survey will be sent out in October/November 2022. Presentations regarding the LRTP will be provided to TACS in November. Public participation meetings (in person and Statewide virtual) will be scheduled for early next year (February/March 2023).
- 2. **Statewide Rest Area Study:** Data collection efforts are complete, and work will continue with the plan deliverables. Tribal outreach has also been conducted, and meetings are scheduled for October to coincide with the deliverables. The SRA team is also coordinating efforts and priorities with the freight program.
- 3. **Electric Vehicle Infrastructure Plan:** The EV plan was submitted to the US Joint Energy office and Transportation on August 1st and has recently been approved by FHWA and the Joint office. We will be moving forward with performing updates to the plan to be finalized in November, and will continue to meet with stakeholders, vendors, and have further public involvement meetings. For more information visit our EV plan website, and feel free to sign up to the mailing list to receive study updates by email and opportunities to provide input on the plan.

https://azdot.gov/planning/transportation-studies/arizona-electric-vehicle-program

# 10. WACOG Transportation Report

Roland Hulse, WACOG Transportation Manager update the TAC.

- The financial analysis is wrapping up for the Regional Transit Implementation Plan and interviews with similar regional transit agencies are being conducted to discuss possible fare rates and governance structure.
- The timeline for the 2023 Strategic Transportation Safety Plan Update will be postponed by one month with the official announcement date now occurring on December 5.

#### 11. UPCOMING MEETING SCHEDULE

- o LHMPO TAC Meeting November 15, 2022, 1:30 PM
- o LHMPO Executive Board Meeting: October 11, 2022, 2:00 PM
- State Transportation Board Meeting: October 21, 2022 Lake Havasu City

# 13. ADJOURN

Chairman Greg Froslie adjourned the meeting at 2:46 pm.

Pursuant to Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA), and other nondiscrimination laws and authorities, LHMPO does not discriminate on the basis of race, color, national origin, sex, age, or disability. Persons that require a reasonable accommodation based on language or disability should contact LHMPO's Title VI Coordinator at hembreej@lhcaz.gov. Requests should be made as early as possible to ensure LHMPO has an opportunity to address the accommodation.

# 2. Introduction

Transportation is an important part of our lives that keep us connected to our families and friends, employment, health care, education, shopping, recreation, community services, and many other services and activities outside of our homes. These connections are generally called "mobility" and "accessibility." Mobility can broadly be defined as the ability to freely move within the transportation system, while accessibility is the ability to easily reach needed destinations and services. Considerable local, state, and federal resources are committed to our transportation infrastructure and systems to enhance mobility and accessibility. For a segment of the population, particularly individuals with disabilities, older adults, and people with low incomes, maintaining a basic level of mobility and accessibility can be challenging.

Transportation services for disadvantaged populations are very often fragmented, underused, duplicative, costly, and difficult to navigate. In many cases and areas, there are service gaps, and transportation service providers are simply not available to meet existing needs. When services for disadvantaged populations are coordinated, providers can then be more efficient, overall services can be improved, and more disadvantaged populations can utilize services meaning mobility and accessibility for all residents can be enhanced.

Western Arizona Council of Governments (WACOG) is Arizona's Region IV planning agency, providing various human service programs, including Transportation and Mobility Management/Transit Planning. The WACOG planning region also includes the county of Yuma and the City of Lake Havasu. However, Yuma was designated a Metropolitan Planning Organization when its population hit 50,000, in 1982. The Yuma Metropolitan Planning Organization (YMPO) covers Yuma County and its communities for transportation and Mobility Management/Transit needs. Lake Havasu was designated a Metropolitan Planning Organization in 2013 when its population reached over 50,000 in the 2010 Census. Lake Havasu Metropolitan Planning Organization (LHMPO) and WACOG have mutually agreed to continue coordination efforts for Mobility Management/Transit planning for the time being. Therefore, WACOG's Transportation Planning Region covers La Paz, Mohave Counties, excluding the Lake Havasu MPO area. And WACOG's Mobility Management/Transit Planning area covers La Paz and Mohave Counties including the Lake Havasu MPO area.

This transportation plan is a four-year planning document starting with FY2021 and ending with FY2024. Annual updates will be made to this plan reflecting regional awards, applications, and changes. A new plan will be created in 2025.

## **Purpose**

This Transportation Human Service Coordination Plan identifies the transportation needs of seniors and individuals with disabilities. The Coordination Plan is a prioritization of transportation services for funding and implementation through the available programs throughout the WACOG region within Mohave and La Paz Counties. The Coordination Plan serves two specific purposes:

First, it serves as a framework to improve coordination among transportation service providers and human service agencies in the WACOG region to enhance transportation services for seniors and individuals with disabilities.

Second, the plan satisfies Federal requirements for a "locally developed, Coordinated Human Services Transportation Plan" – or Coordination Plan - that includes the following elements:

 An assessment of available services that identify current transportation providers (public, private, and non-profit);

- An assessment of transportation needs for individuals with disabilities, older adults, and people
  with low incomes. This assessment can be based on the experiences and perceptions of the
  planning partners or on more sophisticated data collection efforts, and gaps in service;
- Strategies, activities, and/or projects to address the identified gaps between current services and needs, as well as opportunities to achieve efficiencies in service delivery; and
- Priorities for implementation based on resources, time, and feasibility for implementing specific strategies and/or activities that have been identified.

The Moving Ahead for Progress in the 21st Century Act (MAP-21), effective October 2012 through December 2015, ensured that local communities are able to build and sustain multimodal transportation systems across highway, transit, and non-motorized modes. MAP-21 also ensured that transportation planning processes are continued and enhanced to incorporate performance measures and goals. The Fixing America's Surface Transportation (FAST) Act was signed into law on December 4, 2015, and largely maintains current program structures and funding shares between highways and transit. This Transportation Human Service Coordination Plan will be continually reviewed to stay current with the performance-based processes which were identified by MAP-21 and remain the standard with the FAST Act. Public involvement in transportation planning remains a top priority, particularly when it comes to meeting the transportation needs of special population groups. A person with special transportation needs means those persons, including their personal attendants, who because of age and/or physical or mental disability may be unable to transport themselves or to purchase appropriate transportation.

In response to the previous federal legislation, MAP-21 and federal transit planning requirements, the Arizona Department of Transportation began its coordinated mobility program to administer 5310 grant programs and provide assistance and oversight for local coordination efforts.

Beginning in 2007, all Councils of Governments (COG's) in Arizona were required to adopt and annually update a Coordination Plan that inventories existing transportation services for seniors and individuals with disabilities, and low-income individuals, identifies unmet transportation needs, and provides strategies for improving coordination to meet those needs.

The plan must be developed and approved through a process that includes seniors, people with disabilities, and transportation providers, among others. The plan must also be coordinated, to the maximum extent possible, with the transportation programs of other federal departments and agencies. All COGs in Arizona must have a Coordination Plan in place in order to be eligible for funding through the Section 5300 program. In addition, the FAST Act requires that all funded projects are "included in" and "derived from" a coordinated human services transportation plan.

# 3. Regional Overview

# **Transportation Planning Area:**

The WACOG Transportation Planning Region encompasses all of La Paz and Mohave Counties, covering a total of 18,100 square miles, with a combined population of 239,070 as of the 2019 according to Arizona Demographic Population Estimates.

Providers of public transit services are located Bullhead City, Kingman, Lake Havasu City, Quartzsite and Peach Springs. All other regional transit needs are provided primarily through private non-profit Human Services agencies who offer transportation services to those with special needs, in both the more densely populated and rural areas of both counties.

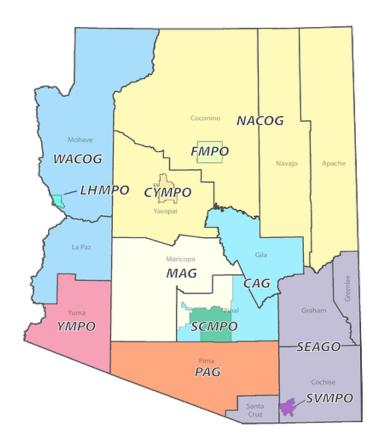

In 2013 Lake Havasu City's population reached over 50,000 and they were designated as a Metropolitan Planning Organization (MPO). Lake Havasu MPO is an established agency providing transportation planning for a small urban area covering approximately 100 square miles in Mohave County. WACOG and LHMPO mutually agreed to continue coordination efforts by continuing to include transit programs located in the LHMPO region in the WACOG Human Service Transportation Coordination Plan, with WACOG developing the Plan.

In order to determine where the greatest needs are, WACOG hosts Bi-monthly coordination meetings. Coming together with human service agencies, and other providers, helps to identify gaps in transportation service, what collaboration can be done between communities and agencies and identify the needs in the tristate area (the WACOG region borders parts of Nevada and California, with substantial cross-border travel) covering both Mohave and La Paz counties to include Lake Havasu MPO.

# **Regional Planning Process:**

This plan provides an overview of the transit activities, past and future, throughout the WACOG planning region. It is intended to educate communities, agencies, businesses, and other stakeholders on the availability of transit services within their community, or throughout the region. This plan lists all active or planned applicant agencies participating in section 5310 or 5311 transportation/transit programs for the WACOG planning region.

The Plan is also instrumental in directing the activities of the Coordination Council in order to coordinate and better serve the rural areas of the WACOG planning region.

Information for this Coordination Plan update was gathered through various methods which include data collection sheets, e-mails, correspondence and a collaborative meeting process with agencies throughout the WACOG planning region. The agencies are invited to participate in various workshops, training, and bi-monthly coordination meetings. Below is a list of the workshops, training and coordination meetings that helped provide information for this Plan from October 2018 through October 2022.

Meeting	Date	Outcome - Comments
Coordinated Council	October 11, 2018	18 Attended (13 by phone)
Counting Trips Training	October 18, 2018	8 Attended
PASS Training	December 1, 2018	6 Attended
Coordinated Council	December 13, 2018	17 Attended (5 by phone)
Defensive Driver Training	January 16, 2019	7 Attended

# WACOG 2021 - 2024 TRANSPORTATION PLAN - 2023 UPDATE

Coordinated Council	October 14, 2021	15 Attended all by phone
Coordinated Council	December 9, 2021	13 Attended all by phone
Coordinated Council	February 10, 2022	11 Attended all by phone
Coordinated Council	April 21, 2022	11 Attended all by phone
Coordinated Council	June 9, 2022	12 Attended all by phone
Coordinated Council	August 11, 2022	15 Attended all by phone
Coordinated Council	October 13, 2022	

The first WACOG Human Service Coordination Plan was developed in 2011, and was updated for the following four years. A new plan must be developed and approved every four years with an annual update to include projects eligible and prioritized for funding for the upcoming grant cycle year. This plan provides the most recent information, coordination efforts and unmet needs throughout the WACOG planning region.

# Geographic Profile of the WACOG Mobility Management/Transit Planning Region:

The WACOG region is made up of two (2) counties, six (6) incorporated communities, fifty-seven (57) unincorporated communities, and six (6) Native American Indian tribes.

According to the Arizona Commerce Authority:

La Paz County was created Jan. 1, 1983, when Yuma County residents voted to split their county into two sections. It is the 15th of Arizona's 15 counties, with Parker the county seat. La Paz, which means "the peace" in Spanish, has historic significance as the name of a boom town on the Colorado River. La Paz County encompasses 4,518 square miles and has 30 square miles of water. It is the third smallest of Arizona's counties and has the lowest population density with almost five people per square mile. The U.S. Bureau of Land Management controls 58 percent of the land; the state of Arizona, 9 percent; other public lands, 20 percent; and 5 percent of the land is owned privately or by corporations. The Colorado River Indian Tribe owns 8 percent of the land.

Mohave County is geographically the second largest in the state. Most of it is classified as desert, but of its 13,470 square miles, 158 square miles are water. The county boasts 1,000 miles of shoreline and is a great water sports center. It also has the longest stretch of historic Route 66. The Colorado River and two manmade lakes, Lake Mohave and Lake Havasu, play an important role in the growth of Lake Havasu City and Bullhead City. The U.S. Forest Service and Bureau of Land management own 61 percent of the land; Indian reservations, 6 percent; the state of Arizona, 7 percent; individual or corporate, 18 percent; and other public lands, 8 percent.

# La Paz County:

La Paz County is located in Western Arizona, covering 4,500 square miles of very rural desert. It was formed as a county in 1983 after voters approved separating the northern portion of Yuma County.

The Colorado River borders the west side of the county, which contributes substantially to the recreational and agricultural industries of the region. Tourism and agriculture have become the leaders in the county's economy. The main population centers are the Towns of Parker (County Seat) and Quartzsite. The Colorado River Indian Tribe (Reservation) is located in the western portion of the county.

# **Mohave County:**

Mohave County is located in the northwestern corner of Arizona and encompasses 13,500 square miles of mostly rural area and small urban communities. It is the fifth (5) largest county in the United States, by land area.

It contains parts of the Grand Canyon National Park, Lake Mead National Recreation Area, and all of the Grand Canyon-Parashant National Monument.

2019 Population Estimates for Mohave County 216,985				
	Incorpora	ated Towns

# Lake Havasu Metropolitan Planning Organization:

Lake Havasu City is located in Mohave County, Arizona, and encompasses 42 square miles while the MPO area covers 100 square miles in its planning region. Situated off of Arizona Highway 95, an 18-mile drive north leads to Interstate 40, and a 65-mile drive south leads to Interstate 10.

Lake Havasu City, Arizona, is located on the Colorado River on the eastern shore of Lake Havasu in the west-central part of Arizona.

Lake Havasu City is the major population center of southern Mohave County. The U.S. Census Bureau recorded the following population trends for Lake Havasu City:

2019	56,738
2010	52,527
2000	41,938
1990	24,363
1980	15.926

# 4. Program Overview:

The Federal Transit Administration (FTA) Section 5300 Rural Public Transportation Programs provide funds for capital, administrative, operating and training assistance to local public bodies and nonprofit organizations for the operation of public transportation services in the non-urbanized area.

# **Transit/Transportation Programs:**

# \*Section 5310 - Enhanced Mobility of Seniors and Individuals with Disabilities

Provides funding to assist with costs for mobility management activities, the purchase of capital equipment, and operating expenses to meet the mobility needs of seniors and individuals with disabilities of any age. It is intended to provide and strengthen the transportation services available to meet the mobility needs of these transit-dependent populations by providing funds for programs beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services

# \*Mobility Management

The WACOG Mobility Management program provides coordination and short-range planning throughout La Paz, Mohave Counties and LHMPO.

Coordination is the efficient and effective use of transportation resources for getting people to important destinations, such as jobs and medical appointments. Coordination means working with transit providers, human service agencies, private institutions, businesses, volunteers and political leaders to broaden transportation options for all users, particularly those in vulnerable populations or with special needs.

# \*Capital Equipment

While many types of capital can be requested under the Section 5310 program, ADOT's primary prioritization is to replace or expand vehicle fleets that support coordinated regional efforts. Examples of eligible capital projects include: vehicles, preventative maintenance, fleet maintenance equipment, vehicle equipment/parts, vehicle rehabilitation or overhaul, operations and maintenance structures, radios, and communication equipment, computer hardware/software, and dispatch systems.

#### \*Operations

Operating projects must be for public transportation services that address one of the following three purposes: exceed the minimum requirements of the ADA, improve access to fixed-route service and decrease reliance by individuals with disabilities on complementary ADA paratransit service, or provide an alternative to public transportation that assists seniors and individuals with disabilities with transportation. Projects providing operating funds must be targeted toward meeting the transportation needs of seniors and individuals with disabilities, although they are encouraged to be open and used by the general public as a means of avoiding unnecessary segregation of services.

# \*Section 5307 - Urbanized Area Formula Grants

The Urbanized Area Formula Funding program (49 U.S.C. 5307) makes Federal resources available to urbanized areas and to Governors for transit capital and operating assistance in urbanized areas and for transportation related planning. An urbanized area is an incorporated area with a population of 50,000 or more that is designated as such by the U.S. Department of Commerce, Bureau of the Census.

# \*Section 5311 - Rural Area Formula Grants

#### WACOG 2021 - 2024 TRANSPORTATION PLAN - 2023 UPDATE

Provides funding for capital, planning, and operating assistance to support public transportation and intercity bus projects serving rural areas. The purpose of this program is to address the mobility needs of Arizona's rural population. Sections 5311 funds are intended to provide access to employment, education, healthcare, shopping, and recreation.

# \*Section 5300 - Training

Provides funds for training needs including safety, operational, administrative, and program development. Training funds are made available to all 5300 fund programs on a reimbursement basis for pre-approved training events.

# \* Rural Transit Assistance Program (RTAP)

The mission of the Arizona state RTAP is to enhance and develop the skills and abilities of the persons involved in providing passenger service in rural Arizona. The ADOT RTAP program offers training scholarships to ADOT transit grant recipients.

*Note*\*\*In order to be awarded any 5300 program funding, successful applicants must be included in the Regional Coordination Plan.

# 5. Gaps in Regional Transportation Services:

WACOG determines gaps in services through a comparison of actual services provided with the potential or desired services in the region. If the WACOG region does not make the best use of current resources or forgoes investment in capital or technology, it may produce or perform below its potential. Identification of gaps between the optimized distribution and integration of resources, and the current allocation-levels reveals areas that can be improved.

WACOG works with regional stakeholders in the process of determining and documenting the difference between regional requirements and current capabilities. This process naturally flows from benchmarking and from other data assessments. Once the general expectation of regional performance is understood, it is possible to compare that expectation with the regions current level of performance. This planning process is the ongoing study of what the region is doing currently and where it wants to go in the future. The goal of this process is to provide a foundation for measuring investments of the time, money and human resources required to achieve enhanced mobility of seniors, individuals with disabilities and the general public in the WACOG region. These measurements will assist in identifying the gap/need for new services or additions to existing lines before they emerge between what existing providers offer and what the consumer demands.

# Summary of Need/Gaps:

# Stability

At its core, stability among transit providers is a way to make our communities more livable. As funding resources cannot always be counted on in today's fluctuating markets, funding priorities become more difficult. It is generally agreed that all transit programs in the WACOG region are important, valued, and necessary in order to maintain stability and a better quality of life for those in the community who depend on these services. Continued funding of existing programs is a priority in the WACOG region. Support for new programs or expansion of services by existing programs will be considered for recommendation only if they fill identified gaps in service, and will aid in the continued stability of future transit service in the WACOG region.

#### Coordination

The definition of coordination is the process of organizing people or groups so that they work together properly and well. Transit Coordination in recent years has been identified as not only a value among agencies but also a necessity in order to better serve the disadvantaged populations that are traditionally served. Agencies realize that through coordination they are better able to provide service to their clients and operate more efficiently as a whole. Agencies recognize that they can no longer operate in silos, and the need to work together to reach a more stable future. Coordination among agencies in the WACOG region has vastly improved in recent years but still remains a focus.

## Information

A need has been identified in the area of information and awareness not only among the residents served but also among transit and human service agencies in the WACOG region. There is a need for up-to-date easy to understand information resource reflecting all available transit options to include information on eligibility and contacts. Information sharing and promotion is a tool that can be used in the WACOG region to better serve clients across the region.

#### Transit Connections

Providing the necessary transit service to clients in an area that is made up of a majority of rural communities, with a need to access services provided in the more populated areas of the region, can be a challenge. A need has been identified to provide more and better transit connections within the WACOG region. Transit connections will be used by riders to access necessary medical, social and economic resources that are otherwise not available in their immediate area. Special consideration is necessary to ensure that transit connections do not result in duplication of services but do provide service for identified gaps in the service area.

# Need/Gaps by Population:

# Special needs populations

General definitions of special needs populations include the following:

- **Senior**: People 65 years of age or older.
- Person with Disability: The restriction in participation that results from a lack of fit between the
  individual's functional limitations and the characteristics of the physical and social environment.
  Developmentally disabled, persons with physical disabilities and persons addressing mental
  health issues.
- **Low Income**: The official poverty measurement has two components poverty threshold (income levels) and the person's income that is compared with these thresholds. If a person's total income is less than the threshold, the person is considered impoverished. The poverty thresholds are not adjusted for regional, state or local variation in the cost of living.

Primary transportation needs for these special needs populations include:

- Healthcare
- Food & nutrition
- Access to jobs and job training
- Shopping
- Social
- Recreational
- Connections to other communities

Approximately 33 to 40 percent of residents of La Paz and Mohave Counties (76,000 to 86,000 WACOG Transportation Planning Region) fall into one or more of these categories. More than 76,000 residents are either over age 65, have a disability, or both, making them eligible consumers of 5310 program services. (American Community Survey, 2013) This is more than a third of the total 222,088 residents, meaning that coordinated transit is a potentially important social service for a significant portion of the population.

# General Public

General public includes all other persons requesting transportation service that do not qualify as part of the "special needs population."

Primary transportation needs for these populations include:

- · Access to jobs and job training
- Access to health and human services
- Education
- Shopping
- Social

- Recreational
- Connections to other communities

Gaps include connector services between communities, services provided to major work centers such as the Kingman Industrial area, and hours of current services provided not meeting the needed travel times of passengers.

# Low-Income Populations

Low income includes transportation needs for those whose income is at or below 80% of area median income and for those who are working with State and local agencies to meet sustainable income goals.

Primary transportation needs for this population include:

- Access to Jobs
- Access to Job Training
- Health Care
- Food and Nutrition
- Shopping

The lack of transit connections to other communities and major work centers is a significant barrier to employment, health, and education.

# Need/Gaps by physical location:

Both La Paz and Mohave Counties are largely rural desert areas with small clusters of population centers. A large portion of residents face hardships in regards to transportation due to their physical location. Although there are multiple agencies providing services in the region, there are still a lot of areas that are either underserved or there is not service available. Harsh weather conditions such as extreme heat and monsoon flooding make access for some rural residents hard. Unmaintained dirt roads and distance between communities are another factor that contributes to lack of access for some residents in the WACOG area. In the more Urban clusters there is a lack of infrastructure for individuals to access local transit in some areas such as limited or no sidewalk access.

# 6. Goals

# Coordination goals:

	GOAL		ACTION	COMMITTEE	Target Due
1.	Increase coordination efforts	•	Agencies working together referring to each other's programs and coordinating efforts such as meetings, projects, etc.	Coordinated Council member agencies, Mobility Manager	Ongoing
2.	Coordination of both internal and external services such as dispatching, trainings and equipment.	•	Agencies working together to meet training requirements for drivers by hosting shared trainings. Programs working together to help in the event of equipment failure or lack of needed equipment. Larger agencies helping smaller local agencies in dispatching.	Coordination Council member agencies, Mobility Manager	Ongoing
3.	Education and compliance	•	Provide education and technical assistance for 5310 programs in regards to Federal and State compliance requirements and funding/training opportunities.	Mobility Manager	Ongoing

# 7. Mobility Management

Mobility Management is an innovative regional approach to managing transportation resources in a coordinated service network, to increase mobility options and access to services primarily for the core populations served by the Federal Transit Administration's (FTA) section 5310 program. The FTA section 5310 program, Enhanced Mobility of Seniors and Individuals with Disabilities, is designed to meet the mobility needs of these populations as it is recognized that these populations' transportation needs often are not met by conventional automobile or public transportation as they sometimes require specialized assistance in order to access services. Mobility Management leads in managing agency-specific transportation to achieve a more efficient and potentially cost-effective service delivery system. The goal is a cooperative approach between local transit service providers and their communities resulting in better services provided to meet the needs of seniors and individuals with disabilities.

# **WACOG's Mobility Management Program**

WACOG's Mobility Manager focuses on updating all current programs and identifying new programs, working towards coordinating communities with services and providers in order to achieve a more efficient transportation service delivery system. The Mobility Manager works towards cultivating partnerships and multi-agency relationships to facilitate rides for seniors and persons with disabilities; coordinating community-wide networking and coordination meetings; managing the regional transportation coordination plan; and providing technical assistance and resources for partners in the WACOG region. La Paz and Mohave Counties encompass 18,100 square miles of rural western Arizona. Many of the very rural areas have little or no transportation services, which includes all six of our tribal reservations.

Through a coordinated effort, Mobility Management and transit agencies in the WACOG region seek to:

- Address movement of seniors and persons with disabilities
- Improve the effectiveness, efficiency, and quality of the travel services being delivered
- Designs and promotes transit-oriented development, livable and sustainable communities
- Collect and distribute information for available resources within the region
- · Identify and address gaps in service

Coordination with the WACOG <u>Area Agency on Aging</u> (AAA) includes working with the AAA senior transportation program through supporting, enhancing and strengthening provider operational, technical and financial capabilities. The AAA program also collaborates with other non-contractual partners to identify, create, and implement services addressing the transportation needs of the growing senior population in various population centers.

### 8. WACOG's Transit Providers

This document serves to identify and describe each of the agencies and organizations in the WACOG Region IV planning region that receive Federal Transportation Authority (FTA) funding through the Arizona Department of Transportation (ADOT).

Public Transit Agency: (5311)	Site Location	Page Number:

# Bullhead City Senior Transportation Program Bullhead City, Mohave County

#### Who We Are

With guidance from the Transit Advisory Commission, Bullhead Area Transit provides essential public transportation services to the local community with a combination of paratransit service for the medically qualified and four fixed routes with 72 bus stops strategically located throughout Bullhead City.

Bullhead Area Transit regularly participates in regional coordination efforts. Primary goals are to improve operating efficiencies, become the transportation of choice in the local community, and fill gaps in service by coordinating with other local transportation and human services agencies when possible.

#### What We Offer

Bullhead Area Transit is an integral component of the local economy since its services are utilized primarily to access jobs, shopping, medical services, recreation, and other activities within the service area.

Service is provided six days a week, Monday through Friday from 6AM to 7PM and Saturdays from 7AM to 3PM.

Fare and schedule information is available online at <a href="www.bullheadcity.com">www.bullheadcity.com</a>.
Follow the Transportation Link

For more information, contact:
Bullhead Area Transit System Dispatch Office
2355 Trane Road, Bullhead City AZ. 86442
transit3@bullheadcity.com
(928) 704-2287

#### Mission Statement:

To provide safe, efficient, and accessible transportation, enhancing the livability of the community, and serving as a vital component of the local economy.

# Kingman Area Regional Transit

Kingman and the Greater Kingman-Butler Area

#### Who We Are

Kingman Area Regional Transit (KART) is a 5311 federal grant and municipally funded rural public transit service in Kingman and the Greater Kingman-Butler area.

#### What We Offer

We offer four deviated fixed routes that meet hourly at the Wal-Mart transfer center. There are several stops along each route conveniently located near various shopping centers, parks and recreation, senior center, doctor's offices, and Mohave Community College to make it easier for residents and tourists to get where they want to go.

In addition to our fixed routes, KART offers Curb-to-Curb service, which is provided as a deviation (up to 34 mile) of the fixed route. Pre-registration is required. For more information visit our website, City of Kingman (KART) (cityofkingman.gov) or call us at (928) 681-7433

#### When

Blue & Red Routes: Monday - Friday, 6:00 AM to 6:00 PM Green & Yellow Routes: Monday - Friday, 6:00 AM to 8:00 PM

All routes operate Saturday, 9:00 AM to 4:00 PM

There is no service on Sunday or on holidays that are observed by the City of Kingman

For more information, contact: Sheri Furr, Public Transit Superintendent 3700 E. Andy Devine Ave., Kingman, AZ 86401 sfurr@cityofkingman.gov (928) 692-3103

Dispatch Office: (928) 681-7433

#### Mission Statement:

'To provide public transportation services which meet the needs of residents and visitors for mobility within the community"

# Town of Quartzsite

Quartzsite, Blythe, Ehrenberg, Parker, Lake Havasu City, Yuma

### Tag Line

### Camel Express Cares About Its Riders

Who We Are

Camel Express is a public rural curb to curb reservation-based transit service with ADA compliant vehicles

What We Offer

We offer curb to curb and flexible fixed route fare-based service throughout Quartzsite, Parker, Blythe, Ehrenberg, Yuma, and Lake Havasu City

No service operates on holidays or weekends

When Monday-Friday 8:00am-5:00pm

Where

#### Mission Statement:

The Town of Quartzsite will provide to its residents and visitors Clean, accessible, reliable, efficient & safe public transportation services locally & regionally

PO Box 179 Peach Springs, Arizona 86434 928-769-6384

www.hualapaitransit.org

Hualapai.transit@hualapai-nsa.gov

#### WHO WE ARE AND WHAT WE CAN PROVIDE

Hualapai Transit is a rural public transit service provided by the Hualapai Tribe. Our service provides a flexible fixed route service throughout the community of Peach Spring Arizona as well as commuter service between the cities of Peach Springs and Kingman Arizona. Commuter services also include the communities of Hackberry, Valentine, and Truxton to the west and the Grand Canyon Caverns to the east. Hualapai Transit provides a 'Shoppers Express' service twice a week between Peach Springs and Kingman also serving the Westbound local communities. Hualapai Transit may be used for work, medical appointments, school, senior service, meetings, recreational activities and much more. All Hualapai Transit vehicles are ADA accessible and compliant. Hualapai Transit services are open to all passengers.

Fares range from \$2.00 to \$9.00 depending on route and destination. Hakdagwiva Route is FREE for all. 30 day passes are available for Kingman Ya:m Jo'h and Caverns Routes. 30 Day Passes may be purchased at the Tribal Office in the Finance and Transit Departments.

Future plans regarding Hualapai Transit include service review and updates, increasing frequency of local routes, renew and improve local partnerships, additional marketing strategies to increase ridership.

#### CONTACT INFORMATION

Hualapai Tribal Office
PO Box 179-941 Hualapai Way, Peach Springs, AZ,86434
Transit Operations Manager: Ernie Wright
Office Phone – (928)769-2216 Ext. 124
Transit Hot Line - (928)769-6384

Vision: Hualapai Transit is committed to openness and integrity, Hualapai Transit supports the Hualapai Tribes commitment to support the independence of Hualapai Tribal members & surrounding areas and to be a model for excellence by integrating the local spirit and culture.

Mission: Hualapai Transit will provide safe, reliable, friendly and affordable transportation services to meet the mobility needs of the Hualapai Community and surrounding areas while pursuing sustainable development and facilitating the cultural missions of the Peach Springs community.

### Kaibab Band of Paiute Indians

Kaibab Indian Reservation, Mohave County, Arizona 

#### Services Offered

The Kaibab Band of Paiute Indians provides service to members of the Tribe who live on the Reservation and surrounding areas. The Reservation is approximately 60 miles from St. George, Utah, which is the closest city to access shopping, dialysis, cancer, or other life-saving medical treatments.

Most of our transit services are provided for medical purposes, with some appointments being as far away as Las Vegas, Nevada and Phoenix, Arizona. We provide transportation to shopping, dental care, social activities, tribal ceremonies, and other activities to the elderly and disabled within our community.

#### Identified Needs

Needs include: both operational funds and capital expenditures to continue providing our members with quality transportation service, and to replace our aging fleet with accessible, more efficient and cost-effective vehicles.

For more information contact:
Laura Rae Savala, Director
Community Health Representative
928-643-7245
Or visit our websites listed below
The Tribe's website is:
www.kaibabpajute-nsn.gov/

The Community Health Representative (CHR) Department is: www.kaibabpaiute-nsn.gov/CHR.html

#### Mission Statement:

The Kaibab Band of Paiute Indians seeks to provide dependable, quality, and responsive transportation services to its members and the community to promote healthy living on the Reservation.

#### DESCRIPTION

Havasu Mobility is a transportation service provided by the Lake Havasu City Transit Department to provide accessible transportation alternatives to the elderly, military veterans, and persons with disabilities within our community. Persons who are over the age of 60, military veterans or those who are disabled qualify for our service by completing an application and providing proof of age, proof of military service or a Doctor's verification of disability. Reservations should be made at least the day before travel is needed or up to two weeks in advance for curbside service. Same day appointments may be made if there is room in the schedule. Trip purpose can be medical/dental appointments, work related trips, trips to the pharmacy, grocery stores, county offices, meals, employment and social activities. Our demand response service operates Monday thru Friday from 8:00 a.m. to 5:00 p.m. and only within the City limits.

Patrick Cipres Transit Manager Public Works-Transit Division 900 London Bridge Road Bldg. B Lake Havasu City, AZ. 86404 (928) 453-7600

#### Mission Statement:

To provide safe and efficient public transportation to Lake Havasu City's residents and visitors, with an emphasis on seniors, veterans and persons with disabilities within our community thereby improving their quality of life through mobility and independence.

# Hualapai Tribe Health Education and Wellness

PEACH SPRINGS, MOHAVE COUNTY

#### Who We Are

The Hualapai Tribe is located in Northwestern Arizona and encompasses about one million acres along 108 miles of the Grand Canyon and Colorado River. The total population of the Hualapai Reservation is about 1,621 of whom 1,353 are tribal members (2000 U.S. Census). Total tribal membership, including members not residing on the reservation, is approximately 2,300. The closest full-service community is Kingman, Arizona located 55 miles west of Peach Springs on historic Route 66.

#### What We Offer

Transportation for the Elderly has been in place since the 1980's. Non-emergency medical transportation has been in place since 2004 and both are sustained by the Hualapai Tribe, grants and AHCCCS. The service area is within the Hualapai Indian Reservation. Clients are taken anywhere in Arizona and even as far north as Las Vegas or as far east as Albuquerque, depending on the need. Service is available from 4am to 8pm, Monday-Friday, depending on the appointment. There are a total of seven to ten drivers for medical transportation. Transportation schedules are based on the need of each individual and are primarily on demand. However, the dialysis transports are usually fixed on day and time unless a request is made by the client or provider.

As resources allow, transports are done for shopping and other human resource needs. A fee of \$10/100 miles per client is charged for these transports which is sometimes a hardship for clients.

Identified unmet needs include transportation for non-medical transports such as for shopping, food and nutrition, job training, social, recreational, human services, education and job training.

For more information, contact: The Hualapai Health-Education and Wellness' Transportation Program at 928-769-4188

Mission Statement: To provide transportation services for the Hualapai community members in a comfortable, reliable and safe manner

# La Paz County Health Department

La Paz County Transit

La Paz County Transit, located in Parker, the small communities in La Paz County with their transportation needs.

We offer transportation to local stores, banks, restaurants, pharmacies, and medical appointments.

> Our Transit operates Monday thru Thursday 7:00 am – 3:00 pm

We service Wenden, Salome, Brenda, Bouse, Arizona side of Colorado River, and the town of Parker

> For more information, contact Karen Turk 1112 Joshua Ave., Parker AZ 85344 kturk@lapazcountyaz.org 928-669-6155

#### Mission Statement:

La Paz County is dedicated to providing safe, affordable and convenient transportation, focusing on the transportation needs of our elderly and disabled residents.

### THE ARC OF MOHAVE COUNTY KINGMAN, ARIZONA mohavecountyarc.org

#### WHO WE ARE

The Arc of Mohave County is devoted to the standard that all developmentally disabled persons, regardless of disabilities, deserve the right to experience as quality and normal a life as possible. This entails offering to all members a variety and continuum of educational, vocational, and recreational community based opportunities.

#### WHAT WE OFFER

Services provided are employment to improve their work skills and abilities. We also provide a Day Program where we focus on reaching their individual goals, enhancing life skills and community involvement.

#### WHEN

Arc of Mohave County/DTA program provides services Monday - Friday, 9am to 3pm.

#### WHERE

Arc of Mohave County services Kingman and Golden Valley, Arizona. The program and services are very community based and the agency strives for full integration.

For more information, please contact: Mike Suchowierski, Executive Director, 928-757-1758

email: mohavecountyarc@yahoo.com

2050 Airway Ave Kingman, AZ 86409 website: mohavecountyarc.org

### FRIENDS Wellness Center Bullhead City, Mohave

#### FRIENDS:

Friends Recovering In Empowerment, Needs, and Discovering Support Wellness Center started as a satellite center meeting once to twice a week at Scooters. Scooter's owner, Joe Coliano, donated the space, pizza, and tokens until 2005 when we moved into our location on Riverview Drive. In 2016, we even expanded at this location to better meet the needs of peers and families. F.R.I.E.N.D.S. is a community-based center meeting the community's needs. We have many partnerships with Charles of Italy Beauty College, Bullhead City Fire Department, Scooters Family Fun Center, Salvation Army, and Goodwill Industries. F.R.I.E.N.D.S. is a collaborative partner with Mohave Mental Health Clinic and Southwest Behavioral Health.

#### New Directions:

New Directions is a community-based center meeting the community's needs and providing wellness services including recovery support services and peer support. We are also one of NAZCARE's Regional Training Centers. New Directions has integrated recovery support services with Next Steps Supportive Housing with both transitional and permanent housing. New Directions is a wonderful community partner and is always looking for ways to contribute to the Kingman community. We continue to reduce stigma by partnering with the community. New Directions has collaborative partnerships with Mohave Mental Health Clinic (MMHC), Evercare, and Southwest Behavioral Health (SWBH). NAZCARE has implemented a holistic approach to recovery and wellness by addressing the whole person in mind, body, and spirit.

#### NAZCARE as a whole:

NAZCARE works closely with guidance clinics, intake centers, community organizations, natural supports and families. With these groups, we begin planning the implementation of services and support systems for the individual so that they may receive integrated behavioral health services within the system of care.

NAZCARE, Inc. has implemented a holistic approach to recovery and wellness by addressing the whole person in mind, body and spirit.

#### Services include:

- · One-on-one Peer Support
- · Education on monitoring skills
- · Recreational Activities Arts/Crafts
- · Socialization/Life Skills
- · Support Services
- Peer Whole Health/Wellness Checks
- · SMART (all addictions) Recovery
- · Peer Whole Health
- · Wellness Planning/Whole Health Management

- · Exercise/Diet/Nutrition
- · Employment Readiness
- · Community Integration
- · In Home Living Skills
- Integrated Wellness

Members are co-creators of their centers and support each other in their recovery. People come here to communicate, cooperate, appreciate, and feel empowered to express their full potential.

Mission Statement: NAZCARE, INC. is a nonprofit, peer run organization providing quality services for people with mental, co-occurring, and substance use disorders to promote recovery

### New Horizons Center

Lake Havasu City, Kingman, and Parker 

### Providing Community Integration for over 45 Years

#### Who We Are

New Horizons is a non-profit organization that provides services to people with developmental disabilities (includes: Autism, Epilepsy, and Cerebral Palsy in addition to cognitive disabilities).

#### What We Offer

Services provided include residential options (group homes and semi-independent apartment living), community integrated activity programs with transportation, and job support.

New Horizons also transports anyone who needs a ride M-F 2-4PM and operates Lake Havasu's first Community Garden!

#### When

New Horizons provides needed services 7 days a week/24 hours per day

#### Where

New Horizons serves the Lake Havasu City community including Kingman, Parker, and surrounding areas.

> For more information, contact: Terry Delia, CEO 2045 Moyo Dr. Lake Havasu City, Az. 86403 Newhorizonslhc.org (928) 855-9392

#### Mission Statement:

It is our mission to provide support systems to consumers and their families that empower each individual to make as many choices as possible without jeopardizing his/her health and safety, and to live with the least possible amount of intrusion and regulation.

# New Horizons Disability Empowerment Center

We Service Central and Northern Arizona

### Together we can make a difference

#### Who We Are

Born out of the Civil Rights Movement, and empowered by the signing of the American's with Disabilities Act (ADA), NHDEC has been the "go to" for all people with disabilities in Northern Arizona since 1992, and is classified as a Center for Independent Living (CIL). Centers for Independent Living are community-based, cross-disability, non-profit (501c3) organizations that are designed and operated by people with disabilities.

#### What We Offer

New Horizons Disability Empowerment Center provides multiple services, which include our transportation program, employment services program, information and referrals program, advocacy program, computer class, Veteran's service center,

Adaptive Sports Program, and peer-support group programs.

#### When

All of New Horizons Disability Empowerment Center's programs are available Monday – Friday from 9am – 5pm with few exceptions.

Our transportation program serves clients 6 days a week (Monday – Saturday).

#### Where

Our services are mainly centered from our headquarters located at 9400 E. Valley Road. Prescott, AZ. 86314; however, our support groups, and peer-to-peer mentorship program are all located at different places in the community for ease of access to our clients. New Horizons' transportation program is based out of our headquarters but services clients all over Arizona without them having to come to us.

For more information contact: David Seigler 9400 East Valley Road Dseigler@nhdec.org 928-772-1266

#### Mission Statement:

"To assist All people with any disability across Northern Arizona to live the most independent, self-directed life possible, while educating the general public on the needs and issues surrounding people with disabilities."

## PARKER COMMUNITY SENIOR CENTER

Parker, La Paz County

#### WHO WE ARE

Parker Community Senior Center (PCSC) provides nutritious congregate meals, Home Delivered Meals, transportation, and other social and educational services to elderly residents throughout La Paz County. Annually, PCSC transportation service provides over 5,600 passenger trips to elderly riders, most of whom are low-income, and approximately 15% of whom are disabled. The service provides them with access to medical appointments, shopping, social opportunities, social services, and other needs.

#### SERVICES

We presently have four trained drivers and 108 unduplicated passengers whom we transport to various services. Our vehicles are based in Parker, but we provide transportation to elderly riders throughout all of La Paz County. We provide transportation to all towns within the primary service area of the County; however, we also offer rides as far away as Yuma, Lake Havasu City, and even Phoenix as needed, particularly for medical appointments and social opportunities.

Our identified unmet needs are: To replace aging minivans that have high mileage and are becoming a maintenance burden.

For more information, contact

Darla Tilley (928) 669-9514

Or visit us at http://www.parkerseniors.com

Mission Statement: 'Striving to improve quality of life for our senior population through nutrition programs, healthy physical activities, education, recreation, transportation services, and social networking'

# Bullhead City Senior Transportation Program Bullhead City, Mohave County

#### Who We Are

The City of Bullhead City recognizes that the elderly and disabled often have transportation needs that are often not met by conventional automobile or public transportation programs. That is why the City has partnered with the River Valley Seniors since 1997 to provide door to door service within the 110-square miles service area in west-central Mohave County.

#### What We Offer

Transportation services are provided by a number of qualified volunteer drivers Monday through Friday from 8AM to 2PM. Approximately 25 percent of our passengers are disabled. The elderly and disabled passengers generally require assistance with mobility.

Primary destinations for the program include dialysis, physician offices, hospital and other medical facilities, pharmacies, post office, shopping, and the senior nutrition center for congregate meals.

For more information, contact:
Bullhead Area Transit System Dispatch Office
2355 Trane Road, Bullhead City AZ. 86442
transit3@bullheadcity.com
(928) 704-2287

#### Mission Statement:

To provide transportation services designed to encourage independence, enhanced quality of life, and social interaction for the elderly and disabled'

### **RISE Services**

Maricopa, Yuma, Pinal, Pima, Mohave, Cochise, Graham, Apache, and Navajo Counties 

### Helping Adults Live Full, Productive, Independent Lives

#### Who We Are

RISE is an innovative Human Services Network originally established in 1987 providing services to adults with developmental disabilities. Everything we offer is individually tailored to the needs, skills and personality of our individuals.

#### What We Offer

In the area of employment, our amazing team of professionals help adults with developmental disabilities find employment that fits their skills, preferences, and schedules. Our staff acts as an advocate working with local employers to find, or even create suitable employment opportunities.

#### Where

RISE provides services in Maricopa, Yuma, Pinal, Pima, Mohave, Cochise, Graham, Apache and Navajo Counties.

Mission Statement: Creating Opportunities for and With People

# NAU Senior Corps Mohave & La Paz Counties

### Improving the Quality of Life for ALL Generations

A volunteer service organization of adults, age 55+, that want to help others in their local community.

Volunteers can earn a non-taxable stipend & mileage in return for serving 5+ hours/week.

Volunteers typically can serve individuals between 8am-5pm, Monday
– Friday, excluding Holidays.

Mohave & La Paz Counties as well as across AZ, and the USA

For more information, contact: HEATHER BRASSIL PO BOX 6001, Kingman, AZ 86402-6001 Heather.Brassil@NAU.edu (928) 715-2200

#### Mission Statement:

The Civic Service Institute (CSI) at Northern Arizona University (NAU) inspires people of all ages throughout Arizona to volunteer, and connects them with service opportunities to make positive impacts in our communities.

# Creative Care Kingman and Bullhead City, AZ

### Caring for our communities

Creative Care is a group of 3 skilled nursing facilities located in Kingman and Bullhead City, AZ (The Lingenfelter Center for Alzheimer's Care, Gardens Rehab & Care Center, Legacy Rehab & Care Center).

Our skilled nursing facilities offer rehabilitation services, sub-acute care and long term care.

Creative Care facilities are open 24 hours a day, 7 days a week.

The Lingenfelter Center and Gardens Rehab are located in Kingman, AZ. The Legacy Rehab is in Bullhead City, AZ

> For more information, contact: Jason Edwards 1099 Sunrise Ave jdedwards@creativecare.cc 928-718-4852

Mission Statement: Our Mission is to make our workplace exemplary by providing superior service to everyone we encounter, making a positive difference in the lives we touch and by building loyal, long-tenn relationships in our community. We believe in always doing the right thing and acting with respect, kindness, honesty and integrity in all interactions to support our mission to be an exemplary workplace that provide superior service. We will continually reinforce our reputation for being an exemplary workplace and providing superior service by ensuring compliance and standards are met and by providing training, involvement, recognition, rewards, security and advancement opportunities.

# 9. New Programs

The Agencies and Tribes listed below have indicated they would like to participate in the regional transportation coordination efforts and will be applying for funding, in either 5310 or/and 5311 programs in 2022 &/or 2023. Each program or agency has attended at least one Coordinated Council meeting in 2021 -2022.

#### 11. Federal Mandate Discussion

During our regularly scheduled bi-monthly Coordinated Council meetings, communications from the WACOG Mobility Manager, and our grant writing/management workshops, eligibility requirements for agencies to receive federal funding through ADOTs 5300 programs were presented and discussed.

#### Eligibility requirements are:

- Provided service to seniors (65 years and over) and/or persons with disabilities of all ages.
  - Agencies may transport to a broader range of clientele, but the focus of the program is transporting seniors and/or individuals who have disabilities.
- Participate in creation/update WACOG's Coordination Plan
- Provide the required information:
  - Four-year planning documents
  - Overview of agency's program and activities
  - Vehicle Inventory
  - Data Collection Sheets
- Participate in Coordinated Council meetings:
  - o February, April, June, August, October, December
    - Agendas and Minutes are available at: www.wacog.com

#### Annual project request amendment process:

Project requests for 5310 grant funding must be included in the Regional Transportation Coordination Plan updated annually to be considered by ADOT. This amendment process has been created to ensure a fair and public process for all in the WACOG region.

Amendment requests to the Transportation Coordination Plan require notice and opportunities for citizens and agencies to obtain information about the project proposal, raise concerns and provide objections or support. For that reason, the annual update process is made known through an announcement at the August Coordinated Council meeting to all programs prior to the start of the update. A draft of the plan will be presented to the Coordinated Council at the October Coordinated Council meeting. This is the Council's opportunity to review, amend and approve the plan.

Due to the FTA requirement for public notice and involvement, all project amendment requests must be received and approved by the Coordinated Council no later than one week after the October Coordinated Council meeting in order to allow for the required 45-day public review period. If a project amendment request is submitted to the Mobility Manager prior to the October deadline, approval/denial of the amendment will be obtained through email notification to all Coordinated Council members and a request for an email vote. New project proposals submitted after the October meeting will be ranked at the bottom of the project ranking list to ensure that other project requests are not unfairly moved down in ranking by a late project request. Amended project proposals will be ranked the same as the original proposal unless the amendment changes the proposal amount by more than \$10,000. If the amended project proposal changes the amount by more than \$10,000, it will be treated as a new project proposal.

### 12. Prior Year Awards

\*Prior year awards can be found in the previous Coordination Plan: WACOG Transportation Coordination Plan 2019 & 2020 Update which can be found on the WACOG Website - <a href="https://www.wacog.com/mobility-transit/">https://www.wacog.com/mobility-transit/</a> or a copy can be requested by emailing Felicia Mondragon, WACOG Mobility Manager <a href="mailto:feliciam@wacog.com">feliciam@wacog.com</a>

### 13. Proposed Regional Projects

\*Due to Buy America requirements there may not be Non-Accessible vehicle options on the ADOT contract for agencies to purchase a Minivan no Ramp or MaxiV an no Lift. If that is the case than agencies who planned on applying for one of those vehicles will than apply for the accessible version of the vehicle they planned on. I.e. Minivan with Ramp instead of Minivan no Ramp.

<sup>\*</sup>Vehicle project costs are estimates from previous years. Updated vehicle costs will be reflected on the preliminary awards.

### **Explanation of the Prioritization Process**

Prioritization of projects in the WACOG region is done using a system developed by Statewide Mobility Management planning and ADOT guidance. This system uses the weights and evaluation focus that the ADOT Coordinated Mobility Program guidebook explains under Project Evaluation Criteria. The three main categories are:

- Project Management Criteria 20%
- Coordination Criteria 30%
- Project Specific Criteria 50%

Prioritization of projects are done through a Regional Panel Review process. The panel is made up of the Regional Mobility Manager, and 2 or more Community Stakeholders who have knowledge of the 5310 program but are not current applicants. The following is a breakdown of the evaluation categories and subcategories with weights and the evaluation focus for each category.

Project Management: 20 points				
Existing Applicants				
Criteria	Actual Points	Points Possible		
Current program subrecipients are on track				
to fulfill their ADOT Contractual Exhibit A				
scope requirements.				
		5		
Submitting timely quarterly reports.				
		5		
Applicants demonstrate that they have the				
capacity, knowledge, skills, and required				
resources to manage federal funds and				
equipment.		10		
New applicant		10		
Applicant understands the capacity,				
knowledge, skills, and resources required				
to manage federal funds, equipment, and				
contractual requirements.				
		20		

Existing Applicants Criteria Applicant is active in regional	Actual Points	Points Possible
	Actual Points	Points Possible
Applicant is active in regional		
coordination efforts (trainings, meeting		
participation, and ongoing		
communication) and these efforts are		
demonstrated through by policies, local		
support, or other collaborative efforts.		
For example: through letters of support,		
agreements, referrals, funding, etc.		15
Attended 75% Coordinated meetings.		
		5
Coordination activities are documented		
within grant application & results are		
provided to Mobility Managers (quarterly		
reports, etc.)		10
New applicant		
Applicant is knowledgeable and active in		
regional coordination efforts (trainings,		
meeting participation, and ongoing		
communication).		30

Replacement Vehicles: 50 points		
Criteria	Actual Points	Points Possible
How is this vehicle being used?		
Does this align with the COG/MPO's		
Coordinated Plan? Is the vehicle filling an		
identified regional or service gap?		10
Year 1 - Current mileage of vehicle		
ADOT estimated useful life based on		
mileage:		
Cutaway with Lift: 400,000 - 1 point point		
per 18,000 miles over 300,000 miles, up to		
480, 000 miles		
All others: 100,000 miles - 1 point per		
10,000 miles over 80,000 miles, up to		
180,000 miles		10
Year 2 - Fore cast mile age based on Year 1		
reported mileage amounts. Mileage		
divided by age of vehicle = average annual		
mileage		10
Age of vehicle replacing		10
Will this vehicle be ADA accessible? If so,		
receive 10 points.		10
Need based on maintaining regional fleet		
in state of good repair.		
Is the cost of maintaining the vehicle		
becoming a burden to the agency due to		
increased maintenance needs to keep the		
vehicle in a state of good repair?		10

New/Expansion Vehicles: 50 poi	nts	
Criteria	Actual Points	Points Possible
Does this project align with the COG/MPO's Coordinated Plan? Is the		
vehicle filling an identified regional or service gap?		10
Describe the need based on existing fleet capacity.		
Describe how the vehicle is needed to serve additional clients, expand to new		
service areas, or provide new or expanded services?		20
Is there staffing for operations and		20
financial capacity for maintenance?		10
Will this vehicle be ADA accessible? If so,		
re ceive 10 points.		10

Other Capital - Preventative Maintenance: 50 points					
Criteria	Actual Points	Points Possible			
Is the need clearly described in the					
applicant's application? Will the funding					
fulfill their need?		15			
Applicant describes both the financial and					
service impact of receiving and not					
receiving these funds.		15			
Does the applicant show the cost					
calculation for their funding request? Is					
the request for funding preventative a					
specific mechanical failure? If so, how					
does the applicant's cost to repair a					
mechanical failure of their vehicle(s)					
compare to replacing the vehicle(s)?		20			

Operating: 50 points		
Criteria	Actual Points	Points Possible
Does this projectalign with the		
COG/MPO's Coordinated Plan? Is the		
vehicle filling an identified regional or		
service gap?		10
Is this service available to the general		
public, while prioritizing seniors and		
individuals with disabilities?		10
Is this program equip with an accessible		
vehicle and able to provide ADA trips?		10
Applicant's program provides a cost-		
effective approach to address		
transportation gaps in the region. Cost		
effective measures can include but are		
not limited to:		
<ul> <li>Uses volunteer and other in-kind</li> </ul>		
support		
<ul> <li>Utilizes other funding sources beyond</li> </ul>		
Federal Transit Administration (FTA)		
programs for operations or capital		
Other, please explain		10
Programs are scaled to ensure operationa	1	
sustainability		10

Mobility Management: 50 points	5	
Existing applicant		
Criteria	Actual Points	Points Possible
Doesthis project align with the		
COG/MPO's Coordinated Plan?		10
Applicant demonstrates an		
un derstanding of Mobility Management		
goals and planning principles.		15
Applicant has implemented or shown		
progress in implementing Mobility		
Management practices to share regional		
re source s such as technology, training,		
equipment, service promotion, eligibility		
assessments, or other supports.		25
New a pplicants		
Does this project align with the		
COG/MPO's Coordinated Plan?		25
Applicant demonstrates an		
un derstan din g of Mobility Management		
goals and planning principles.		25

Other Capital - Non-Intelligent Tr	ansportatio	n System
(ITS) Equipment: 50 points		
Criteria	Actual Points	Points Possible
is the need clearly described in the applicant's application? Will the funding fulfill their need?		
Annies at december hat the figure of size		15
Applicant describes both the financial and service impact of receiving/not receiving		15
these funds.  Does the applicant show the cost		10
calculation for their funding request?		20

Intelligent Transportation System	m (ITS) Equi	pment: 50
points		
Criteria	Actual Points	Points Possible
Is the need clearly described in the		
applicant's application? Will the funding		
fulfill theirneed?		20
Applicant describes both the financial		
and service impact of receiving/not		
receiving these funds.		10
Does the applicant show the cost		
calculation for their funding request?		
Does the application recognize ongoing		
costs associated with the ITS project?		10
Does the requested ITS equipment		
benefit other regional providers? Does		
the applicant's ITS plan align with the		
State's ITS Plan?		15

<sup>\*</sup>See 5310 program guidebook for further explanation.

# 14. Regional Projects - Prioritization List

\*Prioritization List pages will be added after applications are submitted and the Regional review panel meets to rank projects. .

# 15. Preliminary 5310 Awards

\*Preliminary awards pages will be updated when ADOT releases them.

# 16. Regional Inventory of Providers

# 16. Agencies' four-Year Planning Documents

Every 2 years WACOG provides a four-year planning worksheet that each of our transit programs complete to provide an estimate of their future needs within the region. Below is the list of programs that have elected to participate in the four-year planning process:

<u>532</u>	<u>11's</u>
Bullhead Area Transit (BATS)	5311 – 5310
Kingman Area Regional Transit (KART)	5311
Camel Express – Town of Quartzsite	5311
Hualapai Transit (Hwal'Bay Transit)	5311
Kaibab Band of Paiute Indians	5311c
<u>53</u> 2	<u>10's</u>
Creative Care	New 5310 Applicant
Hualapai Tribe – Health, Education, and Wellness Department	5310
La Paz County Health Department	5310
Mohave County ARC	5310
NAZCARE, Inc.	5310
New Horizons Center for People w/Special Needs	5310
New Horizons Disability Empowerment Center	5310
Parker Community Senior Center	5310
RISE, Inc.	5310
Senior Companion Program (NAU)	5310
WACOG	Mobility Management – Regional

day Monday-Friday and 1 time on Saturdays and Sundays in the Summer.

#### 19. Non-Emergency Medical Transportation Providers

According to the document "Non-Emergency Medical Transportation (NEMT): Opportunities for Coordination with Other Transportation Services in ArizonaMedicaid" created by Texas A&M Transportation Institute, the Texas A&M University System for Arizona Department of Transportation Transit Programs in July 2019:

Medicaid is a joint federal and state program that provides health coverage for millions of individuals and families with limited incomes and resources. The Medicaid program provides critical health insurance for millions of people who might not otherwise be able to afford it. The assurance of transportation to necessary medical care is an important feature that sets Medicaid apart from traditional health insurance.

Medicaid Non-Emergency Medical Transportation (NEMT) is an important benefit for Medicaid beneficiaries who need to get to and from medical services and have no other means of transportation. The beneficiaries of Medicaid include the nation's most vulnerable populations: infants and children in low-income families, individuals and families with low incomes or limited resources, individuals of all ages with disabilities, and very-low-income seniors.

Often, these groups lack the resources to afford a reliable means of getting to medical appointments, live in rural or medically underserved areas, and may have frequent appointments for certain medical conditions (e.g., dialysis). In addition to access to health care services, Medicaid beneficiaries also experience mobility challenges in other important areas of life, such as accessing jobs and shopping for necessities. These mobility challenges can also affect health outcomes.

#### Medically Necessary NEMT

In Arizona AHCCCS covers medically necessary NEMT under the following conditions:

- \*The medical service for which transportation is needed is an AHCCCS covered service.
- \*The member is not able to provide, secure or pay for their own transportation, and free transportation is not available, and
- \*Transportation is provided to and from the nearest appropriate AHCCCS registered medical provider.

The AHCCCS website has a listing of all currently AHCCCS registered providers. At the link below, if you select Non-Emergency Transportation Providers from the drop-down Specialty list, you will see all of the providers who are currently registered with AHCCCS as an NEMT provider.

https://www.azahcccs.gov/Members/ProgramsAndCoveredServices/ProviderListings/

#### 20. Plan Update Process and Summary

WACOG's Mobility Manager is tasked with gathering information to be included in the Coordination Plan throughout the year. This information is discussed at the bi-monthly Coordinated Council meetings. WACOG's Mobility Manager creates/updates the Coordination Plan based on the information collected and input from the council. The Coordinated Council members review the plan, provide further input and suggestions, and then adopt the plan.

 The Coordination Plan is provided to the WACOG Coordinated Council, the WACOG Executive Board, the LHMPO TAC, and the LHMPO Executive Board for review, input and approval.

WACOG Coordination Council Draft Approval:

LHMPO TAC Approval:

LHMPO Executive Board Approval:

WACOG Executive Board Approval:

WACOG Executive Board Approval:

November 13, 2022

December 12, 2022

November/December

The Coordination Plan is put out for the 45 days public review comment period.

Public Review/comment period October 17, 2022

through December 9, 2022

 Coordination Plan submitted to ADOT for final approval ADOT Final Submittal:

December 31, 2022

#### 2023 Plan Updates

Page 2 - Update Table of Contents

Page 5 - Update contact information, add new program

Page 10 - Add meetings

Page 23 – Add new provider, Update page #s

Page 26 – Update agency information sheet

Page 40 - Add new provider's information sheet

Page 44 & 45 – Add prior year's awards list for

Page 46 – Add language for vehicle options and Buy America contract issues

Page 46 & 47 - Add fiscal years 2023 and 2024 project requests and Mobility Management 2025

Page 48-50 – Revise language of prioritization process to reflect new statewide process, add tables

Page 51 & 52 - Remove prior years, add explanation for when information will be available

Page 53 – Remove prior years

Page 55 – Add agencies

Page 56-58 – Update 4 year planning documents

Page 59-63 - Update Vehicle Inventory and Availability worksheets

Page 67 – Update dates of approval and plan updates table

This 2021 - 2024 Human Services Transportation Coordination Plan was prepared by the **WACOG Transportation Program**.

Parties with questions or comments should contact:

## ADOT Long-Range Transportation Plan Presentation

Jason James, ADOT

## **Director's Report**

Justin Hembree, LHMPO Director

#### **LHMPO Director's Report**

#### 1. RTAC Legislative Projects

 Project info sheets were created for each project and submitted on November 8<sup>th</sup> to RTAC / Kevin Adam for presentation to legislators during the upcoming 2023 legislative session.

#### 2. FY25/26 HSIP Application Update

 December 8<sup>th</sup> - A safety review committee, of which the LHMPO Director will participate, will be held to review and approve the final list of HSIP projects for FY25/26

#### 3. Signal ITS Update

• Due to high unknown variables between the ADOT and Local Traffic Signal System, Lake Havasu City Staff and the MPO have agreed to pause the Joint Signal ITS project until indepth Engineering Analysis/Modeling can be done to determine exactly what improvements need to be made along the Lake Havasu Ave, McCulloch Blvd, and State Route 95 Corridors. Lake Havasu MPO has agreed to hire a consultant to perform a "Signal Optimization and Enhancement Study" to perform the analysis/modeling. Attached you will find the tentative schedule to initiate the study.

#### 4. Field Data Services (FDS) Traffic Count Update

 Traffic Data has been collected, we expect the final reports from FDS sometime mid-November.

### **Traffic Signal Optimization & Enhancement Study**
